VENEERS

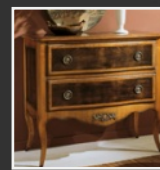

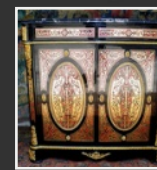

- ▶ *The veneer strips are assembled in a “variegated” pattern in the veneer formation. In so doing, the handcrafted production method and the solid character are especially emphasized.*
- ▶ *The designer has placed particular value upon the tension that is provided by the change in the direction of the veneer between horizontal and vertical.*
- ▶ *The side sections of the furniture body are veneered in a vertical direction.*
- ▶ *The fronts of the doors and drawers are veneered horizontally.*
- ▶ *The legs of some pieces of furniture are in solid beech. Particularly to be emphasized are the use of forms,*
- ▶ *That is, the interplay between the smooth, cubic elements, the decorative metal appliques, and the fluting of the pilasters, which reflect classical, architectural details.*
- ▶ *All of these details lend the pieces of furniture the character of timeless individual pieces.*
- ▶ *All the pieces inlaid Gilt-Bronze according to style' Louis XV, XVI, Regency, ..' at the end, the piece is ready to express itself.*
